## ■ 1. Objective

To create awareness among college students about automation using n8n, helping them save time, boost productivity, and explore career opportunities in workflow automation, data integration, and AI-powered systems.

## ■ 2. Target Audience

- College students (Computer Science, IT, and Business Analytics backgrounds)
- Beginners interested in AI, automation, and productivity- Content creators and entrepreneurs

## ■ 3. Key Message

“Automate your world with n8n — from posting your Instagram Reels automatically to analyzing your business data effortlessly!”

## ■ 4. Promotion Strategy

### A. Campus Engagement

- Poster Campaign on campus boards and groups.
- Collaborate with student influencers.- Use QR codes for quick registration.

### B. Social Media Marketing

- Instagram Reels and Stories with countdown timers.
- Use hashtags: #AutomationMadeEasy #n8nWebinar #SmartWorkNotHardWork

### C. Email & WhatsApp Promotion

Subject: “■ Automate Your Life! Join the n8n Webinar & Let Your Work Run Itself!”

## ■ 5. Highlights of the Webinar

Feature	Description
■ Social Media Automation	Automatically post your Reels or tweets using n8n workflows.
■ Business Analysis Automation	Generate instant reports via Excel, Sheets, and APIs.
■ AI Integration	Use OpenAI or ChatGPT API to reply to customer messages.
■ No-Code Simplicity	Build workflows without coding — drag and drop!
■ Endless Use Cases	Automate marketing, leads, and notifications.

## ■ 6. Benefits for Students

- Skill boost in workflow automation
- Internship-ready skills
